

ART—ILLUSTRATION CONCENTRATION, M.F.A.

MASTER OF FINE ARTS IN ILLUSTRATION

MFA students focus on independently directed studio art practices guided by faculty mentors toward a research project that culminates in their thesis exhibition. Throughout the program work is produced in the Studio I-IV courses and discussed in the four Master Critique courses. These courses are thematically organized and change each semester to cover a range of current and relevant topics in Art and Design. Group critique sessions involving all MFA graduate students are the central feature of the Master Critique courses. Ideas and information gathered in these production and critique courses aid in directing the student toward his/her thesis. Elective courses support the student's thesis work by developing and supplementing skills and knowledge outside the student's primary studio art practice.

REQUIREMENTS FOR ADMISSION

- An application for admission to graduate study and an application for matriculation.
- A 250- to 500-word essay discussing your goals and objectives for pursuing your area of planned study. This will also serve as a writing sample.
- Official transcripts from all colleges attended. An undergraduate cumulative GPA of 2.75 or better on a 4.0 point scale is required for admission.
- Two letters of recommendation, preferably from previous instructors or professionals in Art, sent directly from those making the recommendations.
- International students have additional admission requirements; see the Graduate Studies webpage for details.
- The Art Department requires submission of a resume, and a portfolio containing 20 images of art/design works completed by the applicant. The portfolio images may be presented in digital form (jpegs on a CD/DVD; PDF portfolio; URL link to an online portfolio/website). Do not send original artwork.

TRANSFER STUDENTS

Students may transfer up to 12 credits, where applicable, to the MFA degree.

Code	Title	Credits

Student Learning Outcomes

Upon completion of the Fine Arts Masters program, students will be able to:

1. Demonstrate exceptional proficiency and knowledge of art/design applications in a focuses studio art practice.
2. Generate original ideas and critically evaluate aesthetic experiences in relation to the social and historical contexts in which they were produced.
3. Demonstrate the ability to critically assess their own work, their peers' and that of professionals in the field.
4. Professionally engage the community with their art practice.
