

ART—SCULPTURE, B.F.A.

The Bachelor of Fine Arts (BFA) in Art with a concentration in Sculpture provides students with a broad platform to learn three-dimensional skills through a thorough exploration of sculpture techniques and materials. Sculpture encourages excellent craftsmanship, embraces experimentation and engages a wide range of creative and professional investigations. This concentration leads to the development of a cohesive body of work, a professional portfolio, and BFA exhibition. The BFA also supports professional careers in creative art and design, art education, arts management or museum studies, or continued studies toward an MA or MFA graduate degree.

REQUIREMENTS FOR ADMISSION AND PROGRESS

- A minimum cumulative undergraduate grade point average (CGPA) of 2.5
- BFA students are required to pass a Junior Review in order to enter the program.
- Students in the BFA degree complete a shorter program of General Education requirements.
