

PROFESSIONAL FINANCIAL PLANNING, MINOR

This minor provides a course of study to prepare students for careers as financial advisors to individuals, families, and small businesses. In particular, it follows the prescribed curriculum to meet the education requirement of the CFP Board of Standards. Students will be trained in the ethical code and professional standards of the financial planning practice, and prepared to counsel clients on all aspects of their financial lives: Investing, taxes, insurance, retirement, education and estate planning.

Note: Program will be offered starting **Fall 2021**.

Code	Title	Credits

By the completion of the Professional Financial Planning Minor, students will be able to:

1. Identify ethical issues and understand the implications of social responsibility for sustainable business practices.
2. Evaluate information and apply critical thinking skills to identify solutions and inform business decisions.
3. Utilize technology, apply quantitative methods and interpret data to solve business problems.
4. Integrate knowledge of core business concepts and collaborate productively as part of a team.
5. Work effectively in a diverse environment and understand how global and cultural issues effect the organization and its stakeholders.
6. Compose clear and concise forms of written communication to effectively convey ideas and information associated with business topics.
7. Communicate business concepts effectively through oral presentations.
8. Explain the requirements of professional ethics and regulation.
9. Employ the general principles and best practices of Financial Planning, as they.
10. Integrate the above competencies in a comprehensive financial plan for a client.
11. Communicate the financial plan in both written and oral form in a manner that is understandable to the layman/client.
12. Demonstrate information literacy and civic responsibility by ensuring that their recommendations are consistent with current tax, retirement and estate planning laws and regulations.
